

# NX CAM COURSE TRAINING OUTLINE

**Course Name :** CAM Milling 2.5 Axis and 3 Axis

**Course Duration :** 3 Days

**Course Outline :**

## **CAM Basic**

- Basic Manufacturing Concepts
- Analyzing a manufacturing part
- Tools
- Operation Navigator
- Parent groups
- Coordinate systems

## **CAM 2.5 Axis**

- Planar milling
- Profile Milling
- Floor and wall milling
- Manual drilling
- Machining with T-Cutters

## **CAM 3 Axis**

- Cavity milling
- Rest milling IPW
- Fixed axis contouring
- Engraving text
- Visualization (ISV)
- Tool path information output
